CITY NEWS IN BRIEF THE UNITED WAR DRIVE MORE PAY FOR POLICE

Mrs. S. H. Newby announces the marriage of her daughter, Georgiana Ward to John R. Page, October 20, at Laurel, Md.

Mr. George E. Warfield, cashier of the First National Bank, entertained the employees of that institution at a victory luncheon yesterday afternoon, served in the committee room of the bank.

The body of Ferdinand Gerdes, who died Monday night at 635 F street, southwest, Washington, will be held at 2 o'clock tomorrow afternoon and the body will be brought here and buried in Union cemetery.

The Alexandria Water Company has awarded a contract to W. F. Cush, Washington, for grading the site for its filtration plant on Shooters Hill. A steam shovel is now at work excavating about 3500 cubic yards. This work, it is expected, will be completed in ten days.

The Home Missionary Society of Trinity Church will hold an all day rally beginning at 10 o'clock Thursday in that church at which time the missionary Christmas barrel will be discussed. At the afternoon session Mrs. Gilbert of Washington will deliver an address. All are cordially invited to attend. Luncheon will be served from 12 until 1 o'clock.

Four policemen will be elected by the board of police commissioners at a meeting which will be held at 7:30 o'clock tonight in the office of Mayor Fisher. The salary is \$100 a month. All applicants are expected to appear in person, otherwise their application will not be considered.

TERMS ARE AMENDED

Many Sweeping Changes Agreed Upon by Marshal Foch—All Submarines Must Be Surrendered—Huns Shorn of Their Power.

Amendments to eighteen of the thirty-five armistice terms for Germany, drawn up by the allies and the United States, were made public last night by the State Department. They represent changes agreed upon by Marshal Foch, the allies' generalissimo, and the German emissaries, in the last hours of the memorable, three-days' discussion of the armistice conditions. They include many sweeping changes, some of which make the amended terms more severe than those read to Congress by President Wilson while others are more lenient. Leniency, however, is extended only in cases where the internal situation in Germany as it exists today makes it imperative.

The German war machine is further shorn of its powers by the conditions imposed by the entente governments and the American nation. This is shown by the action of the German delegates in acceding to the demand for all the submarines of the one-time imperial navy, instead of the 160 asked for in the original article concerning underwater craft. In addition, all German submarines which at the time of the signing of the armistice were ready for sea will proceed to ports designated by the allies and the United States within fourteen days of the time the armistice went into effect. They will receive instructions by wireless as to the time they will depart from German ports and also as to their destination. The remainder of the enemy submarines shall be made ready to follow their predecessors to allied or United States ports at the earliest possible moment.

With regard to the battleships, cruisers, mine layers and destroyers which we demanded of Germany as an evidence of her good faith, they, too, must be ready to have steam up within seven days after the signing of the armistice. Directions for the voyage will be given by wireless.

Presumably because of the physical features connected with evacuation, the Germans are granted an additional twelve days in which to leave all occupied territories on the left bank of the Rhine. This new time limit will take them all out of France and Belgium within the next thirty days, or thirty days after the signing of the armistice.

Committee of Men and Women to Meet Tonight and Complete Plans for Sunday Campaign—Encouraging Reports From Other Cities.

Many additional contributions have been received by the United War Work campaign committee. The day work by the committee has been discontinued, although the member of the committee will do the soliciting in their own time. The committee in charge of the arrangements for the house to house canvass which will be made Sunday afternoon from 2 until 5 o'clock will hold a meeting tonight and all men and women who will take part are urged to attend. The drive will be from 2 until 5 p. m. Employees of the Corby Baking Company have organized its men 100 per cent and each man will give one day's pay to the fund. The following telegram today was received by the Gazette explains itself:

Richmond, Va., Nov. 12, 1918. The Gazette: Subscriptions are coming in a most satisfactory manner from all over the state. The first public meeting that Richmond had nearly one hundred and forty thousand dollars was subscribed in sums of ten thousand dollars and down. One financial institution, the Virginia Trust Company, had with a subscription of \$2500, Danville reports \$16,000; Norfolk, 70,000 and Portsmouth \$8500. As the result of single meetings these five every indication of a satisfactory over subscription.

Council Fixes Salary of Privates at \$100 a Month—Resolution to Purchase Engine to Cost \$10,250 Proposed—Dr. Wood Chosen Health Officer.

City Council last night adopted an ordinance increasing the salary of the members of the police force and fixing the number of policemen for the city at eighteen to consist of a chief, two sergeants and fifteen privates. The salary of the chief is fixed at \$125 a month, the sergeants \$110 a month each and the privates \$100 a month. This is an increase of \$25 a month for the privates and the same amount for the sergeants and an increase of \$35 for the chief. The increase is effective November 1. Resolution appropriating \$10,250 for purchase of a triple combination engine, chemical and hose car for use of the Reliance Engine was presented. In making this recommendation the fire committee set forth that it has become necessary to purchase three horses for the fire department, and the committee thought it poor economy to continue horse drawn vehicles. It was referred to the joint committee on finance and fire. E. F. Ticer, the newly elected member from the first ward appeared and was sworn in by President Burke.

The sum of \$200 was appropriated for the Alexandria Free Kindergarten. The lower board adopted a resolution increasing the salary of Joshua Sherwood, keeper of the alms house \$10 a month and it was held up in the board of aldermen. On the recommendation of the finance and fire committee \$980 was appropriated for the purchase of fire plugs, valves, etc., for East Rosemont.

The salary of W. L. Craven, custodian of city hall, was increased from \$55 to \$65 a month. Bills of H. T. Beach and Brother for \$620 and T. C. Hoy for \$104.99, were ordered paid. Communication from Dr. W. L. Wood of the United States Public Health Service, recommending appointment of Dr. J. J. Garvey as deputy health officer was received. Ordinance to prevent parking of cars at a certain point on Prince street between Royal and Fairfax streets and on Royal street between King and Prince streets was adopted.

Petition of Judge Louis C. Bailey asking for installation of electric lights and other improvements in the corporation court, and resolution of Councilman Kaufmann appropriating \$900 for the work referred to finance and public property committee. Southern Railway Company's petition to change location of pipes at Henry, Wilkes and Wolfe streets and other nearby points was referred to street committee. Bill of Arthur H. Thomas, of Philadelphia, for \$890.70 for laboratory supplies referred to finance and health committees.

Resolution giving \$5 a month to caretakers of public service station at Columbia and Reliance fire engine houses was adopted. At a joint session held Dr. W. L. Wood, United Public Health Service, now acting state health officer here, was elected health officer without compensation over Dr. E. A. Gorman by a vote of 15 to 5. Alderman Summers nominated Dr. Gorman for the office, although he said he did so without authority as he did not know whether or not Dr. Gorman was a candidate for the office. Dr. Gorman did not make application for re-election.

Dr. James J. Garvey was chosen deputy health officer. Others chosen at the joint session without opposition follow: Dr. W. A. Warfield, physician to the poor; R. E. Knight police commissioner from the second ward; W. J. B. Duncan and Edgar Warfield, Jr., dispensers of medicine for eastern and western districts respectively. Ordinance regulating speed of fire apparatus was referred to committee on streets and general laws. Permission was granted for improvements at 904 King street.

ALEXANDRIANS.

Alexandria has responded nobly to all calls for War Work, and has met its quota of every demand.

Peace is now in sight, but our boys, your boys, are still in the service over there, or in cantonments, and our duty is to provide them with comforts and to protect them against evil influences through the seven organizations represented in the United War Work Campaign.

Every one should do their duty for the boys that have risked their all for us.

NO SACRIFICES WE CAN MAKE ARE COMPARABLE TO THEIRS.

We must raise now our \$30,000. If we fail we cannot hereafter escape a sense of shame, when we meet again our boys face to face.

WAR WORK CAMPAIGN COMMITTEE

MURDER LAST NIGHT

Linwood Kidwell Shot and Killed by William H. Oehlert—Murderer Says He Had Been Drinking and Has No Recollection of Affair.

Linwood Kidwell, twenty-seven years old, who was employed as a freight brakeman by the Southern Railway Company, and lived at 420 North Alfred street, was shot and fatally wounded at 6:30 o'clock last night in the office of the yardmaster of the Southern Railway Company by William H. Oehlert, thirty-four years old, who lives at 112 South Gazette street. Following the shooting Kidwell, who was shot below the heart, was rushed to the Alexandria Hospital and died three minutes after being put on the operating table. Dr. Louis McGuire was summoned but arrived too late to do anything and he done for him. The shooting according to eyewitnesses was without provocation. Just previous to the shooting Oehlert left his office and walked outside and fired four or five times and immediately thereafter he entered the office and declared he thought he would shoot it up and then pulled out the pistol and shot Kidwell who was standing at the time. There were four men in the office among them C. B. Midkiff, night foreman, Midkiff grabbed Oehlert and Oehlert threatened to shoot him and he turned him loose fearing his own life. All the men in the office having left, Oehlert then went home. Chief Goods and Policemen Kerns went out in a motorcycle looking for Oehlert and found him at his home. Oehlert at first denied having left his house in the evening and according to the police afterward said if he shot him he had no recollection and they must have been playing.

Oehlert threatened both of the officers and was going into a bureau when he evidently looking for a pistol when after a struggle he was overpowered. Oehlert then resisted after being put in a motorcycle and shoved into Goods out and the chief had him skinned. At the corner of King and Alfred streets the motorcycle was abandoned and the prisoner was brought to headquarters in an automobile. A soldier in the meantime had been called to assist in conveying the prisoner, so one of the officers could take charge of the motorcycle but this was abandoned and Oehlert was brought by both officers and locked up.

Prisoner Held For Grand Jury. The body of the dead man was viewed at 11 o'clock this morning at Wheatley's mortuary chapel. A jury summoned by Dr. T. M. Jones and afterward the jury heard the testimony of a number of witnesses of police headquarters and gave a verdict to the effect that Kidwell came to his death by a gunshot wound inflicted by the hand of William H. Oehlert in the yardmaster's office near the roundhouse of the Southern Railway Company in the city of Alexandria and died at the Alexandria Hospital at 6:55 p. m.

Immediately after the hearing the accused through his attorney Robinson Monroe waived the formality of a preliminary hearing and was held by Justice L. H. Thompson for the action of the grand jury.

LAST RITES FOR R. E. GRONAU.

Funeral services for Robert E. Gronau, former chief of the city fire department, were held at 9 o'clock this afternoon at his late residence, 232 North St. Asaph street. Rev. Dr. John Lee Allison, pastor of the Second Presbyterian Church, officiating. Pallbearers were H. Noel Garner, W. A. Moore, Jr., K. W. Ogden, W. H. Melchior, R. Lee Field, and J. B. Collins. Members of Potomac Lodge of Odd Fellows attended.

WILL NOT BE CLASSIFIED

Those Over 36 Need Not Fill Out Questionnaire.

Washington, Nov. 13.—Registrants under the amended draft law, who have passed their thirty-seventh birthday need not fill out their questionnaires. They are not to be classified. A few questionnaires have been mailed out to the older registrants—most of them before the signing of the armistice—but no attention need be paid to them. The Provost Marshal General expects to give instructions to the local draft boards to this effect, perhaps within the next twenty-four hours. This also applies to registrants under 19. Draft boards were ordered yesterday to stop classifying men under 19 and over 36 years to withhold questionnaires for such registrants not already sent out.

Cancellation of all draft calls and inductions Monday practically has nullified the work-order fight order promulgated last summer and under which thousands of men flocked to essential industry on pain of immediate induction; although local boards have been ordered to continue classifying after physical examination men between 19 and 36.

GERMANY FEARS FAMINE WOULD PUNISH GUILTY

Foreign Minister Self Appeals to Arrange Negotiations for "Preliminary Peace"—Armistice Expires December 12.

Berlin, via London, Nov. 13.—Immediate negotiations with a view to a "preliminary peace," in order to avert a famine in Germany, are asked for by the new German government in an appeal sent to President Wilson yesterday.

The note is signed by Dr. W. S. Solf as Foreign Minister, and is addressed to Secretary of State Lansing.

It reads as follows: "An armistice having now been concluded, the German government requests the President of the United States to arrange an opening of peace negotiations.

"For the purpose of their acceleration, the German Government proposes that, first of all, the conclusion of a preliminary peace be taken into consideration, and it asks for a communication as to where and at what time the negotiations might begin.

"As there is pressing danger of a famine, the German government is particularly anxious that negotiations be begun immediately.

(Signed) "Solf." Washington, Nov. 13.—Germany's request to President Wilson for "an immediate opening of peace negotiations" will be granted if Germany executes faithfully the armistice conditions imposed on her by the allies and the United States.

This was the view expressed in official quarters here yesterday. The German note had not been received by the State Department last night but is expected today.

The way to an early peace, it was said, rests entirely upon the enemy. The only obstacle in the way of a peace conference, immediately upon the expiration of the time limit of the armistice, provided, of course that the terms have been carried out, as purely mechanical difficulties which could easily be straightened out.

December 12 is the expiration date of the armistice, and it is entirely probable that the peace conference will be in session and working before Christmas. The armistice can be extended beyond December 12 but if the German request for peace is sincere the "proof of the pudding," it was declared, will be the manner in which the armistice conditions are carried out.

GRAND THEATER

All schemes do not work, but the one in "Social Quicksteps," does not most successfully too. Phyllis Lane wagered that she could at least meet the woman-hater, Warner Dexter, and she tried an unusual scheme. Francis X. Bushman is Warner Dexter, the woman-hater, and Beverly Bayne is Phyllis Lane in this entertaining Metro play which will be shown at the Grand tonight.

RICHMOND TONIGHT

How one quaint little nomad, a girl with a bicycle, drifts into a Maine town during a Thrift Stamp drive and not only helps to put the village over the top but also rights several wrongs and stumbles into a romance of her own, is most delightfully shown in "Battling Jane," the first Paramount picture starring Dorothy Gish, which will be exhibited at the Richmond Theatre tonight.

Important Notice.

On Sunday November 17th every house will be visited between the hours of two and five o'clock p. m. by a Committee of the United War Work Campaign. Every one is expected to remain at home. Our Soldier boys have a right to expect this of you.

New Bavarian Government Requests Entente Powers to State Conditions—Blowing up of ex-Kaiser's Villa Caused Flight.

Copenhagen, via London, Nov. 13.—The new Bavarian government has sent a message to President Wilson through Switzerland, in which it says: "The government fears that the terms of the armistice will bring chaos and disorder in the young republic. It requests the entente powers to state conditions which will punish the guilty.

"The German autocracy and militarists deserve no mercy." London, Nov. 13.—A military revolution at Spa, in which the Kaiser's villa was blown up, caused his flight to Holland, the Daily Express learns from its Amsterdam correspondent.

The revolt among German soldiers in Belgium is reported to be spreading. Many officers have been killed, it is said. The report persists that former Crown Prince Frederick Wilhelm has been shot.

From the Holland-German border comes a story that Albert Ballin, the head of the Hamburg-American Line, committed suicide when he got the news of the armistice having been signed. Previous dispatches had indicated his death was natural.

The report that the Crown Prince has been shot finds more credence here tonight than it did last night. As to the German situation, the Daily Chronicle learns from Amsterdam that the Socialist revolution has been a complete success. The actual upheaval lasted only seven hours. Berlin is reported under absolute control of the revolutionaries and only four persons are said to have been killed in the capital. Only two were wounded, the correspondent adds. This, however, conflicts with previous, strongly circumstantial stories that the Berlin hospitals were filled with wounded.

Three thousand sailors from Kiel assisted the rebels in Berlin in occupying the public buildings and the Kaiser's palace.

THE CROWN PRINCE

reports That he Has Been Assassinated—Others, However, Say He is at the Front With His Troops.

Copenhagen, Nov. 13.—The Wolff bureau, official German news agency, announced today that the former Crown Prince, Frederick Wilhelm, with his troops at the front. The Hague, Nov. 13.—Reports persisted today that the former crown prince was shot dead in Belgium while en route to the frontier. His brother, Prince Adolphus, who was with him, is said to have escaped.

London, Nov. 13, 11:10 a. m.—The German crown prince was assassinated by his own troops, according to an Exchange Telegraph dispatch from Paris today, quoting advices from Berne. The body was found in a railway coach.

In addition to being shot, the crown prince had been bayoneted. He was killed by the troops that were escorting him into Holland.

MEMORIAL

In loving remembrance of my dear sister, HELEN L. KENDRICK, who went to rest one month ago today, November 13th, 1918. Just a month ago today Without a word of farewell you went away. How my heart is aching, no tongue can ever tell. Still I must bow my head and say Jesus doeth all things well. By her devoted sister, Florence Ennis 270-11.

SAD OCCURRENCES

Early last night, while the people of our city were rejoicing over the return of peace to the world, a murder occurred which temporarily turned rejoicing into sorrow. A young man was ruthlessly shot down while at the place of his employment by a fellow-workman for no reason, so far as can be learned. While the news of this deed was being telephoned to every section an attempt to maim, disfigure or probably kill, was reported in another section of the city. A man had been assaulted with a bottle, and the Alexandria Hospital was being requested over the telephone to prepare to receive the injured man.

The man who was shot died after having been placed upon the operating table at the hospital. His slayer immediately vanished, but he was traced to his home by the police and taken in custody after the murderer had showed his disposition to use his weapon upon the officers of the law.

The young man who used the pistol has caused untold distress for years to them to whom he is near and dear. He has often been in the hands of the authorities. Even now he is under parole, having given assurance of his future good behavior. The victim of his brutality was a young man who is survived by a wife and child, the latter too young to realize the distress which has been brought upon its heretofore happy home.

Instances similar to the above are being recorded all the time. They should prove warnings to thoughtless young men who persist in straying into the broad road which leads to ruin. The intemperate use of liquor and the defiance of God and man will surely cause shipwreck to all who persist in wavering aside the pleadings of those who have their interests at heart. In this case the sympathy of the community goes out to those who are suffering vicariously. The great King David in his agony cried out, "O, Absalom, my son Absalom!" Many fond fathers and mothers have in the years which have followed been made to realize the anguish of the Hebrew King.

AUTOCRACY'S SEPULTURE

In the beginning of the year 1917, when the defiant William Hohenzollern was at his zenith, and he was listening to von Tirpitz who was urging him to defy the United States and enter upon a submarine campaign which the Teuton admiral believed would bring England to her knees, an exchange printed a picture representing the funeral of autocracy. Uncle Sam was one of the pallbearers.

Nearly two years have elapsed since the appearance of that picture, which is about to be fulfilled today. The United States is to assist in the sepulture of autocracy in the old world. The first-class nations of continental Europe and Asia will act as active pallbearers, while others will be named as honorary members of the cortege. There will be party attendants at the funeral, the main address at which will be delivered by Woodrow Wilson.

Many will turn out on this occasion with the shades of champions of liberty of former days will be present in spirit if not in the flesh.

We are living in the "Age of Reason." Kaiserism, the last vestige of the feudal system, is no more, and the world is realizing that God has created all men free and equal. The people are acting upon that principle which was proclaimed July 4, 1776, in Independence Hall, Philadelphia. Our Liberty Bell should be a prominent figure in this greatest of all "Year of Jubilee."

For the sake of the right!

Paris during the last forty-eight hours has been, in the words of a dispatch from that city, in a pandemonium of joy. Jeannie d'Arc has an American flag in her hand. The statue of the French heroine is one of the attractions of every visitor to the French capital, and Alexandrians who have gazed upon the effigy will rejoice to know that our national colors are now being held aloft by this representation of the Maid of Orleans, who, "though dead, yet speaketh."

The French are in a delirium of joy, and they should be, as during the past half century they have watched the growth of Germany, while realizing that the time was coming when the greedy hordes would invade their land and cause untold suffering.

But the black eagle of Prussia is now cowering in seclusion, while the proud American bird is shrieking "victory!" over continental Europe. The world has been made free of the Hun menace after a period of more than four years. A few months ago people of the civilized world were praying for victory. They obeyed the call to the Angelus, and their supplications entered into the tears of the God of Sabbath.

Our national Thanksgiving Day is drawing near. Soon we will be assembling in places of worship for the purpose of showing our gratitude to Him who has blessed our cause.

After the terrible ordeal through which the French, our noble allies, have passed, they are merely smiling, while Americans are cheering. It is often charged that the French are uncontrollable in their exuberance. They may have been, but the late war has blessed them with conservatism, and they now look on and smile while enjoying the fruits of victory. Long may they smile.

KILLED IN AIRPLANE MISHAP

Lieut. Carl Morrow and Companion
 Crash Through Roof.

Detroit, Mich., Nov. 13.—Lieut. Carl Morrow, of Pensacola, Fla., was fatally injured and W. Murdock Brown, a civilian observer, was slightly injured yesterday afternoon when the airplane in which they were flying over the downtown section here, crashed through the roof of a three story building. Lieutenant Morrow died in a short time.

Flying over the downtown section a number of machines, some from Selfridge Field and others, from a local testing ground, had been thrilling thousands of persons participating in the peace celebration.

Suddenly Lieutenant Morrow's machine became entangled in an American flag atop a high office building. One of the wings was ripped off and the machine, sliding off the corner of the building, crashed through the roof of a three story rooming house. None of the occupants of the house was hurt.

"Our Boys Must Live Straight If They Should Shoot STRAIGHT"

—Secretary Daniels.

SECRETARY DANIELS, WHO HAS UNDOUBTEDLY PROVED HIMSELF A MOST VALUABLE MEMBER OF THE CABINET, HAS HAD HIS NAVY BOYS ON THEIR TOES IN READINESS, BRISTLING WITH ENTHUSIASM AND EAGERNESS FOR ANY CALL. HE HAS ALWAYS ADOCATED THE NECESSITY OF CLEAN AND STRAIGHT LIVING FOR ALL OUR MEN UNDER ARMS, AND HAS VERY APTLY SAID: "OUR BOYS MUST LIVE STRAIGHT IF THEY WOULD SHOOT STRAIGHT."

To live straight the boy must have suggestion and encouragement and some possibility of doing so. This is the first war that it has been possible to provide any influence, mental or spiritual food, other than that which is created by the roaring engines of destruction, bursting shells, the spilling of blood, the fighting in seas of blood or the hardships of shelterless quarters. In other wars soldiers gathered around the historical camp fires, board seats—more often the cold ground itself—with nothing on any side of them but the vastness of space and nothing above them but the roof of the heavens. The whistling winds and the cold, chilly blasts of winter was a welcome change from the atmosphere of the front battle lines—but was this sort of rest and recreation the necessary kind to keep the fighter in as 100 per cent fighting trim as the drills?

It was in these days of war that "mothers were more fearful for the morals of their sons than for their lives."

But thanks to the splendid principles and efforts of the Y. M. C. A., Knights of Columbus, Jewish Welfare Board, War Camp Community Service, Salvation Army, Y. W. C. A. and American Library Association, the traditions of our wonderful American mothers, who are living behind the service flags, are being preserved, and this alone keeps the fighting boys' spirit and morale up to par.

"The government has nobly recognized the great truth that officers and men are best fitted to accomplish their duty when provided with the spiritual assistance of which they stand in need."

Those HUTS which are being opened at the rate of a hundred a month in the "zone of combat," in many instances close enough to the front to be under fire, welcomes the boy with all the comforts of home—good, enjoyable company, wholesome literature, interesting entertainments, every form of refinement, recreation, bed, bath, smokes, chocolate, letter paper, and a woman's hand to mend the clothes, and an atmosphere of cheer and encouragement that absorbs the loneliness and the blues—these are the things that keep the boys men and will send them back to us in as good condition as they left.

What Each Organization Does On Their Various Fields of Action

The Salvation Army, Knights of Columbus, Y. M. C. A. and Jewish Welfare Board minister to the health morals and mental recreation of our boys in the camps and on the field of battle. The Y. W. C. A. looks after America's

women, who are doing invaluable work in our camps, war industries and in the war zone. The War Camp Community Service extends a protecting hand to the lad during their "off duty" hours near the camp community, where his health and morals are endangered most. The American Library Association furnishes wholesome reading matter to while away the rest hours, as well as text books for military, transportation and scientific training.

Victory Boys and Girls in Virginia Are Enrolling

There are nearly fifty thousand enrolling and agreeing to earn the money for their contribution to this great fund—surely you won't refuse to do your part.

throughout the State to show their hand in the protection of all our boys and women in service, and promise a healthy sum to Virginia's quota.

Be Good Enough to Do This

When the authorized solicitor for this fund approaches you for your contribution, encourage him, keep his enthusiasm up, say something to him that will make him go on his way full of confidence—he's doing a noble work.

Peace May Be In Sight—But

Peace may be declared at any time—then again it may not be—it doesn't matter. There is more necessity for this money and these workers if peace is declared than there is in time of battle—demobilization creates added dangers to the mental and physical welfare of the soldier—contribute just the same.

The United War Work Campaign

Which starts Tuesday, November 11th, and ends Monday, November 18th, is a drive to raise a fund of \$170,500,000 in America. \$1,500,000 of this amount is expected from Virginia, to be used to further the glorious purposes of the seven organizations who are tirelessly laboring, night and day here and there to keep the American mothers' traditions uppermost in the thoughts and hearts of the nation's fighting millions.

VIRGINIA NEWS

Three-fourths of the employees of express companies in Lynchburg struck out yesterday evening at 7:30 o'clock. Company officials say the strike is in sympathy, and the men have no grievance of their own.

News has been received of the death, of pneumonia, while on board an Army transport en route for France, of Major Benjamin Sloan Beverley, of The Plains, Fauquier county. Major Beverley, attached to the trench mortar service, was a graduate of West Point and also of the University of South Carolina. He was the only son of Capt. J. B. Bradshaw Beverley, of The Plains, and grandson of Major Benjamin Sloan, of South Carolina.

The United States government has no right to commandeer or requisition the private property of a citizen without fair compensation and condemnation proceedings through the process of law. Judge Alan R. Hanchel, of the corporation court in Norfolk, ruled yesterday afternoon. The opinion was rendered in the appeal case of Frank D. Batten, protesting the right of the Navy Department to commandeer his property for navy yard employees. Batten bought the property and served notice on A. N. Marshall, a government employee, to vacate. Marshall appealed to the housing board, and property was commandeered. Batten appealed to the state court, claiming the property was bought for a home, and that the government had no right to step in and take it. His contention was upheld. Notice of appeal by the government was given.

Thomas W. Dean, a farmer from the western section of Frederick county, was being sentenced Monday to fifteen years in the penitentiary for murdering his wife, Mollie Dean, last June. He entered a plea of second degree murder. The tragedy occurred at the home of Dock McKee, with whom she is said to have been in love, and with whose parents she was living after she had left her husband. Dean admitted he shot the woman through an open window while she was sitting in a doorway talking with the McKees. The woman had been married five times, several husbands being dead and the others divorced.

GO TO THE RESCUE.

Don't Wait 'till It's too Late—Follow the Example of an Alexandria Citizen.

Rescue the aching back. If it keeps on aching, trouble may come. Often it indicates kidney weakness. If you neglect the kidneys' warning.

Look out for urinary disorders. This Alexandria citizen will show you how to go to the rescue. Mrs. A. Waring, 304 N. Patrick St., says: "I suffered awfully from backache and inflammation of the bladder. I used to be in such misery during these attacks I had to have injections of morphine to relieve the pain. The pains in the top and back of my head nearly drove me frantic. I often got so dizzy I could hardly keep from falling. Nothing did me any good until I got Doan's Kidney Pills at E. S. Leadbeater & Son's Drug Store. Several boxes stopped that awful pain in my back and head and made my kidneys normal."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Waring had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

AUCTION SALES

Auction Sale of valuable factory property on the river front, generally known as "Pioneer Mills."

Pursuant to the terms of a deed of trust bearing date on April 11, 1917, given by the Safety First Manufacturing Company, Incorporated, to the undersigned Trustee, and duly recorded among the land records of the city of Alexandria, Virginia, in Deed Book 166, page 98, default having been made in the payment of certain of the notes secured thereby, the undersigned Trustee pursuant to the terms of said deed of trust, at the request and by the direction of the holders of said notes, will offer for sale at public auction, on the premises, on Wednesday, November 20, 1918, at 12 o'clock Noon, all that lot, tract or parcel of land in the City of Alexandria, Virginia, with the buildings and improvements thereon, on the river front in the City of Alexandria, generally called and known as "Pioneer Mills" property, situated on the south side of Duke Street and east of the Potomac Strand, and bounded and described as follows, to-wit:

Beginning at the intersection of the south side of Duke Street with the east side of the Potomac Strand, and running thence eastwardly with Duke Street into the Potomac River; thence returning to the point of beginning, and running southwardly with the east side of the Potomac Strand 145 feet 7 inches, more or less, to the north line of the lot of ground conveyed by the Haskin Wood Vulcanizing Company to the Real Estate Improvement Company of Baltimore, by deed dated June 9, 1894, and recorded among the land records of the City of Alexandria, Virginia, in Deed Book 33, page 128; thence eastwardly parallel to Duke Street into the said Potomac River, thence north to connect with the first line, together with all rights, appurtenances, riparian rights and privileges to the same belonging or in any wise appertaining; subject, however, to a right of way through a ten feet alley over said property, conveyed to the Real Estate Improvement Company of Baltimore by the Haskin Wood Vulcanizing Company, by deed dated June 9, 1894.

Terms of Sale: One-third cash and the balance in equal installments, payable at one and two years after date. The deferred payments to be evidenced by the notes of the purchaser or purchasers, to be secured by first deed of trust on the property, and to bear interest at six per cent per annum, payable semi-annually, or at the option of the purchaser or purchasers all cash may be paid.

A deposit of one thousand dollars will be required on the day of sale, and the balance of the purchase price must be settled in accordance with the above terms within fifteen days thereafter. Conveyancing, including revenue stamps, at the cost of the purchaser or purchasers.
